

Who Participated

The working groups included participants from northern Alberta, Edmonton, central Alberta, Calgary, and southern Alberta. Members of the working groups were recruited in January 2019 through the online survey. The members volunteered and were selected from the volunteer list based on the following criteria:

- 1) Regional representation
- 2) Type of organization representation
- 3) Individuals that are involved with more than one organization
- 4) Leaders in the charitable sector

The extension of the project resulted in some participants not being able to participate due to the time commitment. There were 20 participants that could no longer participate.

Below is a list of the location of participants, the type of organizations that participated and a full list of all the organizations that participated.
